PUBLIC WORKS.

Notification No. 331—1933, *dated* 10*th May* 1897.

The Government of Mysore have been pleased to sanction the followin[g] [rule]s for the regulation of House-connections from the Chamarajendra Water-Works within the lim[its] the City of Bangalore.

[By] Order,

C. [Colonel,]
Secy. to the G[overnment of] [My]sore, P. W. D.

Rules for the Regulation of House-connections from the Chamar[ajendra] Works.

1. The supply of water from the Chamarajendra Water-Works bein[g] [use]d for *bonâ-fide* domestic purposes, the water drawn therefrom, whether from public [or] from private house-connections, shall not be used for any other purpose wha[tso]ever. The water for domestic purposes shall not include a supply of water for horses or [carriages] where such horses or carriages are kept for sale or hire, or a supply for any [trade or] business, or for fountains or for any ornamental or mechanical purpose, or for [any] Water which has been used for washing, bathing or other domestic purposes [shall not be used] for gardening or other non-domestic purposes, but on no account should

2. Until further orders, private connections to houses from the Chamarajendra Water-Works will be limited to houses whose annual rental value is not less than Rs. 300 (three hundred), and to localities where the capacity and pressure of the public water-mains permit of such connections being made without detriment to the street service.

3. For every house-connection there shall be provided and maintained in due working order, a water-meter of approved size and description for the accurate gauging of the water consumed.

4. All pipes, taps, water-meters and works required for a house-connection, shall be of such dimensions, character and material, as the Water-Supply Department may approve, and they shall always be under the control of the Water-Supply Department and shall in no way be interfered with by any others, and they shall be provided, renewed and repaired by the Water-Supply Department at the expense of the house-holder applying for, or desiring, the connection, who shall pay in advance the estimated cost. The whole should be fully paid for before the house-connection is permitted to be used.

5. The Water-Supply Department shall determine the size of each house-connection with due regard to the capacity and pressure of the public water-mains of the locality.

6. The house-connection in any case is liable to be stopped or the supply reduced by the Water-Supply Department, without any notice or assigning any reason. But when the stoppage is over an extensive tract, or is due to exigencies which are previously foreseen, such previous notice as is possible under the circumstances will be given by the Water-Supply Department. If the Water-Supply Department has reason to believe that wasteful or unauthorized use is made of water drawn from any house-connection, it shall be its duty to stop such connection forthwith under this rule.

7. The quantity of water which a house-holder will be allowed to draw from his house-connection (free of any charge other than the general water-rate to be assessed upon the annual rental value of his house and premises) shall be regulated in accordance with the scale hereunder :—

11. The Government reserves to itself the power, whenever it deems fit, to alter or modify the foregoing Rules, or to abolish altogether the system of house-connections to be established thereunder.

12. Every house-connection shall be regarded as established subject to the conditions and regulations contained in the Rules as above or as they may be altered or modified for the time being by order of the Government.

13. The foregoing Rules shall apply, *mutatis mutandis*, to all public institutions,—such as schools, temples, mosques, churches, public offices,—the supply allowed in each case being determined by the Water-Supply Department, and any excess used over and above such supply being measured by water-meters and paid for by the institutions concerned, at the rates prescribed in Rule 8 above.

14. Rules 1, 4, 5, 6, 10, 11, 12 and 13 above shall apply, *mutatis mutandis*, to public street fountains which have been, or may be, allowed to be erected at the expense of private individuals for dedication to public use, and such fountains shall further be subject to the following conditions, namely :—

i—That their number shall be strictly restricted by the *bonâ-fide* public requirements of particular localities.

ii—That they shall in no case be within the distance prescribed for the time being by the Water-Supply Department for particular localities, from any other public fountain.

iii—That their free and unobstructed use at all hours by the public, or section of the public for whose use they are intended, be duly safe-guarded. And

iv—That their dedication to the use of the public, or of a section of the public, as the case may be, be posted up in legible characters in English and Canarese.

15. The expression "Water-Supply Department" as used in these Rules shall, until further orders, mean the Chief Engineer and Secretary to the Government of Mysore in the Public Works Department, and any officer deriving his authority from him.

16. The foregoing Rules shall be published in the official Gazette and in such other ways as the Water-Supply Department may consider necessary. Every person or institution applying for a connection from the public main shall be deemed to have subscribed to the regulations and conditions therein contained.
